

MetaEdit+[®] Service Descriptions and Pricing

Service

Price

MetaEdit+[®] Maintenance Program **20% of List Purchase Price**

MetaEdit+[®] Maintenance Program is a comprehensive maintenance and support service for MetaEdit+[®] software. The service includes access to all minor and major upgrades as well as full e-mail, fax, and phone support.

MetaEdit+[®] Proof-of-Concept Workshop **3000 €**

This 2-day on-site workshop assists organizations in determining suitability for DSM with MetaEdit+[®] by jointly creating a working modeling language and generator for a portion of their domain. Preparation work, as well as full analysis and reporting of workshop results, are included.

MetaEdit+[®] Modeler User Training **4000 €**

Designed to meet the needs of organizations new to DSM, this 2-day program assists users in getting started with MetaEdit+[®] Modeler.

MetaEdit+[®] Workbench User Training **2000 €**

This on-site intensive 1-day program is designed for MetaEdit+[®] Workbench users and covers language and code generator development. Advanced concepts and techniques are also explored along with client specific topics.
